There are a number of Appomattox farm operators who use the data processing center at VPI. Through this center farm accounts are maintained with a computer.

Some of the advantages are the manager is forced to keep records current, a printout of expenses and receipts is available quarterly and records are in a form whereby they can be quickly analyzed.

If you would like your records processed with this method contact us by December 1st.

Saving money?? Cutting cost?? If you're feeding steers or milking cows you can do both if you choose.

For steer feeders stilbestrol is a must, but feed costs can be further cut by feeding a urea supplement rather than an oil meal.

Research with dairy cattle at Middleburg demonstrate that feed cost can be cut as much as 20 percent by using maximum corn silage.

If the route of maximum corn silage is taken these six steps must be followed; 1. Silage must be of excellent quality. 2. Dry matter must be 35 to 45 per cent. 3. Estimated net energy index above 20. 4. The cut must have been 1/4 inch or less. 5. Silage must be fed a minimum of three times daily, but preferably free choice. 6. A high protein supplement must be added to balance the animals ration.

The 1969 tax form which you'll be finding in the main within a few weeks contain quite a few changes. There will be no simple card to complete as we have had in recent years.

Every tax payer will file form 1040 plus any additional schedule that may be required.

All forms have been revised -- but in my opinion they will be much easier to follow. There is more space between the lines and the instructions are more easily understood.

You will receive through the mail a package of forms. Study them carefully. When the tax bill is passed by Congress there may be changes that you'll need to take into account in computing your 1969 income tax.

We'll have a series of meetings to outline these changes for you.

The Dark Tobacco Market opens Tuesday. Many growers tell me that this will be one of the belts finest crops. I believe we will have a higher percentage of our crop ready before opening day than in recent years.

The market will be trying a new marketing method this year. The number of pounds that will be sold on a given day is being restricted. The attempt will be to align selling and processing.

This method is working well on the flue markets and hopefully it will do likewise here. This will avoid the unscheduled closing of the market in order for the factories to catch up.

Two Eight-Pointers Taken

Two eight-point bucks are among the latest bagged in Appomattox county as Terrell Martin, Ridgeway, Virginia (left) shows the 8-pointer Jack Woods killed Saturday. Clarence W. Harbor, also of Ridgeway got this 130 pounder early Monday morning on the property of Chap Davidson (far right) "Goldie" is the hunting dog, who the hunters say rightfully belongs in the photo, too.

Growers Issued Cards

The plastic marketing cards recently issued to burley tobacco growers will be used to identify the crop from each farm, and constitute a vital record for each grower, J. P. Alvis, Jr., Chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee said today.

He explained that marketing cards must be presented at the warehouse when tobacco is weighed in. They will remain in warehouse custody until payment is made or until a grower's tobacco is removed from the warehouse.

Mr. Alvis said that regulations require the warehouse to deduct 55 cents from each pound of a producers tobacco sold unless his marketing card has been left at the warehouse.

Growers were reminded by the ASC Committee Chairman that all of their tobacco marketed must be recorded on the marketing cards -- and that it is not permissible to record tobacco which was produced on any farm other than the one for which the card is issued.

When final settlement is made between the warehouse and the grower for tobacco marketings, the growers will pick up his marketing card from the warehouse. After a final check for accuracy, he should then return it to the County ASCS Office.

Wreck Island H. D.

Mrs. Annie Horsley and Miss Kate Davidson were hostesses to the Wreck Island Home Demonstration Club when it met at their home on Wednesday, Nov. 19 at 2 p.m. There were twelve members and three visitors in attendance.

Devotions were led by Mrs. Elsie Thornhill and Miss Kate Davidson.

A short business session was held with Mrs. V. A. Staten, president, presiding.

She read a letter from Mrs. Warren, state president, that the state dues for each Club will change from $4.00 to $6.00 per year.

Mrs. Irby Wheeler was appointed Safety Chairman. Ten members attended Achievement Day on November 12, held at the Woodmen of the World building. Members exhibited arts, crafts, sewing, etc. that they had made during the year.

Miss Kate Davidson and Mrs. Tilden received reading certificates for reading five or more books.

"New Sewing Aids on the Market" was the topic for the demonstration given by Mrs. Tilden Lee. Members were shown a kit of pressing aids and sewing equipment on the market today.

Following the demonstrations, members honored the hostesses with a surprise birthday party at which each received gifts, and refreshments, including a large birthday cake and punch.

The Wreck Island Home Demonstration Club was the first club to be organized in Appomattox County, by Mrs. Ella S. Anderson, July, 1936.

The charter members who are active and inactive members are Mrs. Annie Horsley, Mrs. G. P. Jennings, Miss Kate Davidson, Mrs. Elsie Thornhill, Mrs. Irby Wheeler, and Mrs. Tilden Lee.

Mrs. Horsley and Miss Kate Davidson are past presidents of the club.

...School Lesson No. 8,

November 22, 1969
Subject: Prophecies Concerning Israel
Memory Verse: Easias also crieth concerning Israel. Though the number of Israel be as the sand of the sea, a remnant shall be saved. Rom. 9:27.
Study Aim: To understand: (1) Gods destiny for Israel, as revealed in Bible prophecy and (2) the principles by which to interpret and apply these prophecies.
Lesson Outline: I. God's Plan for Ancient Israel. Q1. The plan announced to Abraham. Gen. 12: 1-3, 22:15-18 Q2. The plan accepted by Israel. Ex. 19:1-8, 24: 3-8, Q3. Rules for Israel's monarchy. Deut. 17:14-20. Q4. A happy healthy society foreseen. Deut. 4:5-8. Q5. A world embracing witness. Q6. Opportunities for Israel's leaders. I Kings 10:1-9 Kings 20: 12-15. Q7. God's purpose for Egypt and Assyria, Isa. 19:18-25. II Israel's Failure to Implement God's Plan. Q8. Why Isreal was divided. I Kings 11: 29-36, Q9, How the kings were appointed. Isa. 5:1-7. II Promises of Postexille Glory. Q10. The covenant renewed Jer. 3:15-18, 31:31-34. III. Israel Confronts the Messiah. Q12. "His own received him Not." John 1:11. Q13. Christs death not in vain. Matt. 21:33-34.
Lesson Summary - With the call of Abraham, God set in operation a definite plan for bring the Messiah in to the world and for presenting the gospel invitation to all men. Gen. 12:1-3, p 125, Pk. 368. In Abraham God found a man ready to yield unqualified obedience to the divine will, Gen. 26:5, Heb. 11:8, and to cultivate a similar spirit in his posterity Gen. 18:19. Accordingly Abraham became in a special sense the "Friend of God" Jas. 2:23, and the father of all them that believe (Rom. 4:11) SDA Bible commentary, Vol. 4, p. 26.

It was not until the leaders of Israel rejected the Messiah and declared that they had no king but Caesar (Joh n 19:15) that Israel ceased to be a theocracy. By choosing a heathen ruler, the Jewish nation had with drawn from the theocracy. They had rejected God as their king, henceforth they had no deliverer, they had no king but Cesar. The rejection of Jesus by the Jews marked the close of their last opportunity as special agents of God for the salvation of the world. What a lesson for Christians today. For we are the Nation that God has called to bring forth the fruits that Isreal should have born.

Earth Tremor Felt Here

The earth tremor which jarred a wide section of the country from West Virginia through Virginia and the Carolinas on Wednesday evening, November 19, was reported by a number of residents in Appomattox, particularly in the Transco village area.

Percy George said that about 8 p.m. "candlesticks danced on the table" and he felt the tremor quite distinctly as he was watching television.

Another caller said she wanted to make sure the disturbance to the Times-Virginian would clarify the matter.

Another reader called the motion a "rocking sensation" that things in the house "were moving" and that she felt a call was "real". She said her children refused to believe her report that chairs moved, bookshelves fell

Class Holds Dinner Meeting

Attending, beside the officers were Opal Paulette, Ethel St. John, Dorothy Ann Hamlett, Becky Shorter, Lois Notestein, the teacher; Yvonne Paulette, assistant teacher; Joann Shorter, Elizabeth Mobley, Evelyn Austin, Virginia Allen and Ann Phillips. (Unable to be present: Shirley Harvey, Mary Ann Garrett, Edith Dixon, Cora Dean Fitzgerald, Marilyn Mann, Jean Carrico, Joyce Hipps, and Betty Hodges.

and that it was, all in all, a rather scary few minutes for dozens of people in Appomattox county.
